### Yacht Description

The new Azimut 66 is a high-tech yacht with a selection of three different layouts on the main deck to suit any lifestyle. It raises the bar of innovation,

conceived by Azimut to capture the interest of markets around the world by offering customers the opportunity to choose the way they prefer to live onboard. In the first layout, an elegant living area is located by the main deck entrance, with the galley tucked away behind an innovative surface of ribbed wood and plexiglass. For a slightly less formal layout, the aft galley arrangement is situated to readily serve indoors and more often outdoors, while keeping the cook connected with the entire social area. The dining is found immediately across from the galley as you enter from the cockpit, creating a relaxed flow, which leads to the living area forward.
