### Yacht Description

The 100' Starship is the latest attraction in the Miami yacht charter industry. This is an ideal boat for a party or a corporate gathering. Starship differentiates itself from other charter boats in Miami because of its commercially registered status. This allows starship to legally hold over 100 passengers, while other yachts in Miami can only hold 13.

Starship is 100ft in length and has a 20ft beam.

The Primary charter location is near Haulover sandbar and The Bay Harbor Islands. Starship can tour other areas in Biscayne bay but that needs to be expressed by the charterer ahead of time.
