Yacht Description

Our SEA RAY 52' responded immediately to throttle advance, and we were quickly at cruising speed. The boat seemed oblivious to the conditions and

ran as smoothly as it would on a flat lake. Heading into the waves, the hull tracked straight, with almost no reverberation from bow entry. It held turns tightly at 20 knots. At a top speed of 32 knots, it hardly felt like we were moving at all. The ride was very smooth and dry. Considering the conditions, we couldn't have asked for a nicer day on the water.
